TROOP MEETING

During the summer, we will not be meeting inside the Milestone Aquatic Center. We will send out email communication about events as they continue to develop. Our meeting venues will be hosted at different locations throughout the summer, offering the most FUN SUMMER experience for the Girl Scout. Thank you for embracing our decisions for the summer portion of our troop meetings.

IMPORTANT

In efforts to streamline events and news, we are moving away from Facebook and only having our Troop's webpage. The web page will be self-driven and the parent will need to check the webpage weekly to stay informed. We are working on the page to enhance the features to pay dues and RSVP for events.

We are also communicating by email to get direct information to you.
